## COAST CLEANINGS.

## Southern Pacific's Monthly Statement.

A Good Financial Showing as Compared with Other Months.

The Atlantic and Pacific's Earnings Also Increasing.

San Jose Carpenters to Begin Their Crusade for the Eight-hour System Today—Other Coast News.

By Telegraph to The Times.

SAN FRANCISCO, June 30.—[By the Associated Press.] The summary of earnings and expenditures of the Southern Pacific Company for May shows a decided increase in net earnings for the month over April, while the totals for the first five months ended May 31st are much more favorable than those for the corresponding period last year. Indications are that, despite the heavy expenditures and losses of traffic consequent on slides, washouts and blockades during January and February, the surplus for 1880 will exceed that of 1889.

The gross earnings for the whole system for May were \$4,154,555.71; the operating expenses, \$2,668,646.93; earnings over operating expenses, \$1,627,854; fixed and other charges payable, \$101,918.67 in taxes, \$848,207.24; interest on funded debt, \$13,333; the rental for Central Pacific and \$61,250 for Central Pacific sinking fund under the United States requirements amounted to \$1,274,775.15, leaving a net profit for the month of \$383,765.91, as compared with a deficit of \$161,136 in May of last year, and a net profit of \$3966 in April of this year.

## A BRIGHT OUTLOOK.

The Atlantic and Pacific Road Gain- ing in Earnings.

SAN FRANCISCO, June 30.—[By the Associated Press.] W. C. Hazelton, general attorney of the Atlantic and Pacific Railroad Company, with headquarters in Albuquerque, is in this city. In speaking of the future of the Atlantic and Pacific, Mr. Hazelton said that it was very bright and that the prospects were that the road would afford a net income for itself before a great while, instead of showing a deficit, as has been the case.

The earnings are constant on the increase, and a monthly net profit was shown in December for the first time.

As to the prospects of the Santa Fé extending its system northward through California he said you nothing. "It will be the policy of the Santa Fé Company," said Hazelton, "to do everything to develop the country along the line, and a prospective increase in earnings will come, both from through and local traffic. There is room for great development in the mining and stock-raising interests in Northern Arizona and New Mexico, and the growth will be more in these directions than in the direction of agriculture."

## FOR EIGHT HOURS.

San Jose Carpenters Begin their Crusade Today.

SAN JOSE, June 30.—[By the Associated Press.] Tomorrow the Carpenters' Union will demand the adoption of the eight-hour day in this city for that trade. The union notified the mill men and contractors in April that the demand would be made on the 1st of July. Most of them made arrangements. No great trouble is anticipated. Leading contractors and mill men have agreed to the demand. Only one strike is reported this evening, that of seven men. It is not yet known how many will strike in the morning. The union is two hundred and fifty strong and demands \$3 per day for eight hours. The contractors offered 25 cents an hour and it was refused.

First Lieut. Henry G. Ellsworth, United States Marine Corps, died at the Naval Hospital at Mare Island, Tuesday night at 11 o'clock, of paralysis.

## THE COURTS.

The McIntyre Twins Still in Dispute.

## DAMAGING FACTS DIVULGED.

The Character of the Mother Shown  
Up—The Clark Outfit Discharged  
—List of New Cases — Notes.

The singular attempt of Mrs. Maggie McIntyre to obtain possession of her two boys was under investigation by Judge Clark yesterday, and the case took a twist from the original proceedings, unperceived probably by a provision of the testimony that would be introduced.

The circumstances of this case have been given, but their restatement will be of interest. Mrs. F. L. Reynolds is an old lady, a hard-working, conscientious woman, who runs a private laundry near the old San Fernando street depot. She has for several years past had two little boys in her care. She has cared for them as though they were her mother, but recently the mother, Mrs. Maggie McIntyre, applied for their return to her under a writ of habeas corpus.

When the case came up before Judge Clark yesterday morning Mr. Williams, the counsel for Mrs. McIntyre, dismissed the habeas corpus proceedings, and filed a petition for the appointment of Mrs. Miss J. Fulton as guardian of the children. A counter-application for the appointment of Mrs. Reynolds, the non-mother, was made, and a hearing upon the petition, which were granted, followed. The hearing resulted in the introduction of nearly all the evidence which had been presented for the habeas corpus proceedings, and was not of a nature to sustain to any great extent the claims of the guardian put forward by the mother.

In the morning Mrs. Reynolds was on the stand and testified that the twins were born in Texas; that their father was a married man, and a suit for separation was brought against him, but was not successful, over the documents of the attorney in the case. She came for the children and then the mother, who finally gave the little fellows to her. She testified that even in their infancy the mother abused them, and neglected them after they came to Los Angeles, where the mother's course, she said, was immoral and dissolute.

Mr. McIntyre, who married the mother in Los Angeles, testified that she was immoral and dissolute. He declined to enter into particulars, stating that he knows too much about it. He said he had many a time tried to reform her, but without success.

The same evidence introduced in regard to the bad character of Mrs. McIntyre and the good reputation of the foster mother. The witnesses spoke of their own knowledge, and the testimony was not of a nature to lead any one to believe that Mrs. McIntyre had been stepping in the straight and narrow path.

Mrs. McIntyre herself was on the stand, and admitted that she had lived for four or five months with Deputy Constable Dawes in the southwestern part of the city. She seemed to be supplied in a direct way with a sense of the natural laughter of things, and amiable was not in order. She said that when the children taken away from Mrs. Reynolds because her "folks" did not "take much stock in her" and that she had been paid for everything she had done for the children. She said that Mrs. Fulton would take charge of the boys and educate them at San Jose. When asked if she contemplated leaving Los Angeles she said that she did not. She denied being caught in a compromising position with the San Jose speaker.

Mr. McIntyre was recalled and said that he received a letter from his wife once. It was identified by him and was signed, "your untrutiful and wicked wife." In it she admitted having been untrue to him and asked him to send her some articles to a certain place.

The case will be continued this morning.

**THE CLARKS GO FREE.**  
F. K. Clark and Miss Seaman came before Judge Shaw yesterday morning for trial upon the charge of obtaining property upon false representations. Clark is the Pasadena attorney who has been in as much trouble through contracting debts. He was represented by S. M. White, Esq., and his demur to the information was sustained. Another information was filed, and the demur to it was sustained and the defendant discharged.

**TO CANCEL AN AGREEMENT.**  
Jean Leonis began suit against M. V. Biscailuz to cancel a writing alleged to have been fraudulently procured, by which Miguel Leonis was to give half his property to the defendant.

Jean Leonis is a legatee of Miguel Leonis, the wealthy Basque, recently deceased. He employed Biscailuz to attend to his interests, and claims that he wrote out an agreement in Basque—he not understanding English—for Biscailuz to translate and for Leonis to sign, agreeing to pay \$1000 for the attorney's services. This document the plaintiff says was so changed by defendant, before it was signed, as to call for half the property given to Leonis. The case promises some interesting developments. Heymert, Orfila & Heymert are attorneys for the plaintiff.

## NOTES.

José Lopez, who was convicted of simple assault last Friday in Judge Cheney's court, upon a charge of assaulting Mario Rios with a knife, was sentenced yesterday to pay a fine of \$200.

mises, upon my motion, has agreed to take the Los Angeles bill up the next public meeting of the Board of Trade, and before that time, which will be in October, I will have to do. No stronger case has been presented to Congress than yours. Every one recognizes that fact, including the Speaker himself. I believe some of our colleagues from various friends of ours in relation to an effort that was being made to change the location of the site, and asking me to do what I could to prevent it. I immediately took steps to prevent it, and called the attention of Senator Hayes to the matter. I am sorry that Gen. Vandever feels hard toward me, but if it is any satisfaction to him to attempt to blame me in a case where I am entirely innocent, I don't know why he should do it. I believe my Los Angeles friends understand my position. I don't want to be understood as reflecting upon Congressman Vandever; he is an old gentleman, means well, and is doing the best he can. But he is not strong enough to stand up all over my body. I send you a copy of the report, in which I have stated the reasons why your appropriation should be made. Upon my return to the State, I will visit your beautiful city. The appreciation of the press and the people of Los Angeles for my work in their behalf will cause me to renew my efforts in the direction of securing all the appropriations I possibly can for the southern portion of our State.

#### SOME FOURTH OF JULY NOTES.

Work at the Driving Park—Numerous Entries for the Races—Educational Matters—Brevities and Personals.

A visit was paid yesterday by the TIMES reporter to the new driving park. Everything is being pushed along at a lively rate. Jessie Vore and a force of men were making the rounds of the track on a huge scraper and roller, pulled by four horses. The track was being sprinkled in places, while several smaller scrapers were at work. J. A. Buchanan was overseeing a gang of about a dozen carpenters, who were busy getting the lumber into shape for the grand stand. Owing to the scarcity of time this structure will not be erected in as finished a manner as Mr. Buchanan would have liked, but it will be put in the best possible shape for the Fourth and be improved afterward.

Much remains to be done, but those in charge say everything will be in fine shape by Friday. The site of the park is admirably suited for a half-mile track. The grand stand takes in the whole course, excepting a hundred yards or so on the west side, which is hidden by a row of trees.

Entries for the races are coming in at a lively rate. The time for closing the entries has been extended to to-morrow noon. A big race in the way of a "handicap" dash for all money has been added. It will be run for San Gabriel stakes. The entries for the butchers' race are all in. The Union Market will be represented by "Dock"; the Excelsior Market's entry is "Dick"; the City Market's, "Slim Jim"; the L.A.'s, at present an unknown fyer. There will be an interesting number of starters in all the races.

The down-town parade will form at 8:30 o'clock, and will be an imposing affair. Company B will participate, prior to their departure for Los Angeles. The butchers have agreed to keep their markets closed all day.

The grand stand will seat six hundred people. You can buy your entrance tickets at Foster's. Secure them early and avoid the rush.

The bicycle club proposes to come in for its share of attention in the parade.

#### ITS LAST SESSION.

Matters of Educational Interest—Number of Scholars Enrolled.

The Board of Education held a regular business meeting yesterday morning. The bills contracted since the last previous meeting were passed. The clerk was authorized to draw orders for janitors' salaries up to June 30th. The final reports for the year were made.

The newly-elected trustees will meet on Saturday for organization. Yesterday's meeting was the last the members of the old board will have.

Supt. Monroe is at work getting up the annual school report. Among the latest statistics compiled are the following, which show the number of boys and girls enrolled in the different schools: Wilson grammar school, boys 218, girls 238, total 451; Wilson primary school, boys 208, girls 177, total 385; Garfield, boys 150, girls 150, total 300; Washington boys 148, girls 120, total 268; Grant, boys 32, girls 63, total 85; Pasadena boys 5, girls 6, total 11; grand total, 1,500.

PASADENA DRAMATIC CLUB.

Permanent Organization Effected and Bylaws Adopted.

A meeting of the Dramatic Club was held at the Carlton yesterday evening. There was a good attendance. Rehearsals will begin at once, and the performance will be given in the opera-house at an early date.

The following bylaws were adopted:

That this club shall consist of not less than ten nor more than fifteen active members.

That its purpose is the fostering of dramatic talents among the people of Pasadena, and the satisfaction of the members, and occasional works of charity.

That the club officers consist of a chairman appointed at each meeting, a permanent secretary and treasurer, and a stage manager, who shall reign in absolute monarchy.

That no person shall join this club who cannot undertake to work regularly and permanently, thereby keeping up the merits of the organization.

That all matters of club business be settled by vote, and no proxies allowed.

#### AGRICULTURAL NOTES.

Nine thousand dollars have been paid for the strawberry crop this year of Monrovia.

E. P. Norwood at Cucamonga has sold his three thousand 2-year-old budded orange trees to Dodd Dryer of Redlands, the consideration being \$300.

In hauling melons to market it will be found that they will bear transportation much better if they are loaded so as to stand on the stem end. That part of the melon is much thicker and tougher than any other portion and will stand the strain much better.—[Ex- change.]

The editor of the Rural Californian, a recent addition to the press, relates the collapse of the boom in town late last month, in orange-planting, beans, and cotton, and over nine hundred thousand oranges and lemon trees have been planted in Southern California since January of this year.—[Ontario Record.]

There are 150,000 sheep in San Diego county, and 40,000 belonging to ranches which have been sent into Lower California for pasture. The yield of wool of sheep below the line will this year exceed several hundred thousand pounds, for which an average price of 15 cents per pound will be received.

**WHY DID HE GO?**

A St. Louis Merchant's Trip to the Post-office, and the Result.

California's last sensation is beginning to take hold of St. Louis. J. V. B. Barrett, the commission merchant of 122 and 124 North Commercial Street, was one of the first to test Joy's Vegetable Saraparilla in sick headaches. Its effect was such a gratifying surprise that he went over to the postoffice and told his friend, Thos. P. Culver, the superintendent of the registry division, who was also worried with headache, about it. The following letter details his friend's experience:

POSTOFFICE, ST. LOUIS, Feb. 20, 1900.

DEAR SIR: You ask me, did I act on your advice? For years I have suffered from indigestion and headaches. Taking your advice, I purchased Joy's Vegetable Saraparilla. Before I had finished the first bottle I could eat almost anything with impunity, and been since rarely troubled with a headache or any other ailment. Your Vegetable Saraparilla is the best I ever had. Thank you for your advice and Joy's Vegetable Saraparilla.

Yours, etc.

JOHN W. P. CULKIN,

Superintendent Registry Division, Postoffice.
